

First Aid in the Early Years

Duration: 2 Day Course

Cost: price on enquiry

This course has been designed for those working with children and babies. This will be of particular interest to child minders, crèche assistants, playground personnel and anyone involved with running a youth organisation.

The course content will include:

- First Aid in the Workplace
- Responsibilities of the Appointed Person
- Primary/Secondary Assessment
- Principles of Resuscitation
- Disorders of Respiration and Breathing
- The recognition and treatment of Head Injuries
- The Control of Breathing and Shock
- Bones, Joint and Muscle Injuries
- Burns and Scalds
- Poisons
- Bites and Stings
- Childhood Conditions

The tutor will conduct an on-going assessment; students must demonstrate good practical skills. Candidates will receive an Appointed Person Paediatric - Emergency First Aid in the Workplace, valid for a period of 3 years.
